

3:00 - 4:15 Tuesdays and Thursdays

Starting Date: Tuesday, October 24, 2023

Location: DMS Media Center

Staffed by: Paraprofessionals

All students are invited to participate. This is especially helpful for students who would benefit from a quiet, supportive environment to support completion of assignments or to practice concepts to reinforce learning.

It is important parents/guardians and students review the expectations in advance to support learners and adult leaders. These opportunities are a privilege and students are not required to attend. Parent permission can be provided with a paper form or through the online google form.

If you would like to have your child participate in Above & Beyond, please check off every box of the desired opportunities & sign permission.
