Preschool Screening

This screening examination is a mandatory requirement for a student to attend Kindergarten or first grade in a public school. Screening is a simple, careful check of your 3 year old child in the following areas of development: speech and language, concepts, gross and fine motor, and social/emotional. Vision, hearing and physical growth are also screened. It is designed to evaluate the current development of your child and if needed, suggest resources to assist your child.

Community Education Early Education offers developmental screening in the **Early Education Center**. Provided your child is in our District's census, you will receive an invitation to attend when your child is approximately 3 1/2 years old. There is no cost for early childhood screening.

If you have concerns or questions, please call the **Early Education Center at 320-762-3305**.

Birth Certificate

Birth Certificate is required: You will need to present a copy of the birth certificate to verify the date of birth and child's legal name. A child is eligible to enroll in Alexandria Public Schools if he/she is five years of age on or before September 1st. If you do not have a copy you may obtain a copy of your child's birth certificate at:

Douglas County Courthouse
305 8th Avenue West
Alexandria, MN 56308
Recorder's Office – 320-762-3877

In Minnesota, birth certificates are available statewide. Families are able to purchase a certified birth record at the Douglas County Recorder's Office as long as they were born in Minnesota.

For births outside of Minnesota, you may go to the CDC website which has state-specific information. The link is <https://www.cdc.gov/nchs/w2w/>
