About Voyager Elementary School

Voyager Elementary is on 17 acres and includes the William F. Banke Memorial Marsh, a wildlife area that offers students, parents and staff the opportunity to learn about nature. The building is unique in design and arrangement, with each grade level sharing a common atrium and multi-purpose hallway. Facilities include barrier-free access to the cafeteria, gymnasium, media center, computer labs, art room and playground. Each room is equipped with computers, presentation equipment and Smart Board technology. Voyager teachers value connecting with students, partnering with parents, and collaborating effectively to ensure learning.

A balanced literacy model of reading and writing instruction is used that encourages personalized learning, while a rigorous Everyday Math curriculum is aligned with state standards. The Code of Conduct (respect, responsibility, honesty, kindness and fairness) is reinforced with a positive behavioral support system.

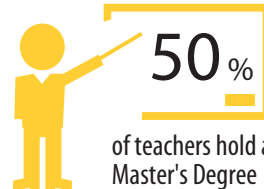

459
students

97%

of parents report their child feels he/she belongs at Voyager Elementary according to the Comprehensive School Climate Inventory 2020.

50%
of teachers hold a Master's Degree
