Friday, January 6th, 2023

Fond du Lac Tribal and Community College in Cloquet, MN

Deadline to Register is Thursday December 22 at 12:00pm

VII. Feedback and Questions

Kathie suggested having signs for classrooms with nature words (sky, animals, blueberry, etc.) and have them written in English, Dakota and Ojibwe languages. Discussion about making sure staff have the correct

pronunciation to honor the language. Maybe activity pages for students as well. Look at Social Studies standards to see how this may connect. Kathie was sharing ways about how to introduce something new. Theresa and Kathie talked about their experience at Brookings where there was an animal rubbing and when you created the drawing the word name for the animal appeared as well.

We will look more into this for and see what can be done for next school year.

Theresa and Michelle will continue communication for the April conference.
