What needs are not being met?

Format and time of AIPAC meetings

- Theresa shared the following ideas:
 - To help recognize Indigenous People's Day she would like to share a diagram of a buffalo that could be shared with K-12 students.
 - Staff could do an I see, I think and I wonder with this diagram (Trish Mages shared this instructional strategy with us during staff week).
 - She would like to do a beading activity with families; she will create an invitation with information that invites families to complete that activity at our November 27th AIPAC meeting.
